

Take note

Our scientifically supported formulation Neo curcumin supplement ODT confirmed 100% absorption of curcumin in comparison to classic products, and 220x increased solubility of curcumin*.

The only patented food supplement with bioavailable curcumin in ODT form

More than 19,800 scientific papers published and over 460 clinical trials.

Research suggests that curcumin has several health benefits, including:

- anti-inflammatory and analgesic effects;
- prevention and retardation of the development of Alzheimer's and Parkinson's disease;
- prevention of cancer;
- improves cardiovascular health;
- improves skin health by limitation of free radicals.

Active ingredient	Contains in 2 tablets
Standardized Curcuma longa extract (95% of curcumin and other curcuminoids)	6 mg
Vitamin D3	2.5 µg

The combination of innovative turmeric processing in the form of submicron particles, addition of lecithin with piperine and ODT formulation results in increased bioavailability.

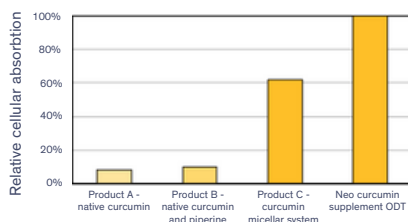

Solubility evaluation*:

220 times higher solubility of Neo curcumin supplement ODT to standard 95 % curcumin extract regular curcumin

Cell absorption comparison*:

Neo curcumin supplement ODT formula has up to 10 times better absorption than standard 95 % curcumin extracts

The concept of orally dissolving tablet with curcumin improved solubility/ dispersibility and increased cellular absorption allow to reduce administered dose of curcumin, while maintaining its efficacy at lower dose.

*mcePharma et al.: Neo curcumin supplement - a dietary supplement in the form of orally dissolving tablet (ODT) containing high-bioaccumulation curcumin. 2017.
